# We Separate the Wheat from the Chaff.

Modern technology makes it easy to scan newspaper and magazine articles and put them onto a CD-ROM disc. Some information providers work their scanning machines around the clock. At SIRS, it's the research department that works around the clock.

We believe *it's what's inside that counts*. So all the articles and documents on SIRS Researcher\* and SIRS Government Reporter\*\* CD-ROM programs are carefully chosen by the 25 members of our research staff. They read over 800 national and international sources looking for the best and most informative articles on a wide range of important subjects. The result is a harvest of hits. We separate the wheat from the chaff; and we give you only the wheat. For a 60-day no-obligation preview, call 1-800-232-SIRS.

\* Formerly SIRS Combined Text & Index CD-ROM.

\*\* Selected full-text U.S. Government Documents.
