WINTER 1999
Conference Issue:
Imagine the Future

NORTH CAROLINA LIBRARIES

Many imagined a future of promise, while others dealt with a present — and future — of challenge.

More than 650 institutions worldwide have installed the new SIRS Mandarin M3 Library Automation System in 1999.

Here's why.

- 32-bit proprietary search engine **specifically designed** to search **full** MARC records
- Highly configurable
- **Fully networkable** Core Package
- All licensing site based at **no extra cost** for additional terminals
- Multilingual OPAC
- Turn-key systems available
- And much more

Mainframe Power at PC Cost!
