

REPORT ISSUE PLANNED

The Fall issue of *North Carolina Libraries* will be a "Report Issue" similar to the October, 1957, issue (Vol. 16, No. 1). The Chairmen of all Sections and Committees are urged to have their reports in the hands of the editor *not later than July 15*. This early deadline is necessary if copies of the journal are to be mailed to our members in advance of the October meeting. Copy should be typed, double-spaced, and in final form for printing. In the case of Committees the chairman and the names of all members should appear at the head of the report. For Sections, the names of the chairman and all officers should appear in this space. The name of the person making the report should be given at the end.
